

# **CONSTRUCTION / MULTI TRADES**

## **CITY AND GUILDS LEVEL 1**

Students opting for this course will be transported one morning a week to The Links Education Support Centre in St. Albans.

They will follow a City & Guilds Level 1 Certificate in Basic Construction Skills.

Class groups are no more than 6 students and the group will contain some students from other schools.

A member of Heathlands staff will attend with the students to provide communication support.

Students will experience a variety of trades and crafts and have real life experiences of construction in the purpose built workshops.  
e.g. Constructing a brick wall or soldering gas pipes.

All students will learn about health and safety in the workshop and will be provided with safety boots and overalls.

The course covers the following trades:

- Plumbing
- Carpentry
- Bricklaying
- Plastering
- Tiling
- Decoration Skills

The course also encourages Community projects where skills learnt in the workshop area are transferred to community building schemes and activities.
