## Heathlands School - Behaviour Policy

The Education Act 1998 requires schools to have clear policies which promote good behaviour. Procedures should be in place which secure an acceptable standard of behaviour, promote self-discipline, proper regard for authority and respect for others.

Our Behaviour Policy is the system and ethos which aims to create the conditions for an orderly working atmosphere and environment where effective learning can take place. Pupils are encouraged to accept and recognise responsibility for their own actions and the consequences of their decisions.

Successive Ofsted inspections have described the behaviour of pupils at Heathlands as “exemplary” and “very good”. In order to maintain this high standard we recognise the importance of working in partnership” with parents and encouraging their full co-operation and support.

We also recognise the importance of placing greater emphasis on positive reinforcement of good behaviour. This will be in the form of encouragement and praise in order to value, reinforce and reward good or improved behaviour, achievement and/or effort in school work .

### Strategies to Support Good Behaviour

All children and young people are expected to adhere to an agreed code of conduct; the Heathlands Charter. This is based on the principal that with rights come responsibilities it gives a code of conduct for stakeholders in the Heathlands School Community. (*appendix 1*)

Appropriate behaviour will also be reinforced through

- The delivery of well planned lessons which motivate and engage pupils
- An appropriate school environment
- Personal mentoring by class teachers and form tutors
- Peer mentoring
- Enrichment opportunities which allow pupils to develop leadership and responsibility
- A system of clear expectations and consequences (WoW, Appendix 3)

Praise can be given in many ways and might include the following:

- Words of praise, “spoken” or written.
- Good effort and attainment grades shown on work
- Feedback in the student planner/ home school book
- Recognition e.g. by letter home, reward certificate or mention in assembly
- Awarding of house points

### House Points

House points are the whole school system of rewarding pupils. A house point may be earned for:

- Exemplary behaviour or conduct
- Exceptional helpfulness at school
- Three pieces of good work
- A single exceptional piece of good work
- Sustained improvement e.g. behaviour, work ethic or achievement
- Good or improved communication skills
- Achievement of personal targets
- Good attendance

- Good progress on the Accelerated Reading Scheme
- Correct Uniform

### **Dealing with inappropriate behaviour**

Our aim is to use positive reinforcement to achieve an ethos within the school whereby the use of sanctions becomes increasingly unnecessary. It is however recognised that from time to time positive reinforcement may prove unsuccessful in maintaining an acceptable standard of behaviour. In such cases the use of sanctions may be necessary.

Under the Teachers' Standards it is the expectation that all teachers manage behaviour effectively to ensure a good and safe learning environment.

- It is expected that Teachers will maintain professional control
- Teachers will establish their personal authority by seeing disciplinary issues through

A clear policy of recommended action also assists in discouraging staff from bypassing earlier sanctions and thus a "next step" should be available to more senior staff who might otherwise be left with no room for manoeuvre.

The school uses Herts Steps. All staff working directly with children have Step-on training which advises on the underlying issues impacting on pupils' behaviour and gives strategies for de-escalation. Some staff working with targeted pupils also have Step-up training which covers restraint techniques. Two members of Heathlands' staff are Steps trainers.

### **Sanctions**

Sanctions are put in place to give pupils a clear message that their actions are unacceptable. They are most likely to be accepted by pupils if clearly understood and consistently applied. However teachers will exercise their professional judgement and a degree of flexibility in relation to the age, understanding and circumstances of the individual child involved.

Where possible the aim is to avoid a situation where a pupil rapidly reaches more serious levels of sanctions; therefore two clear warnings should be given before moving onto the next stage of a formal sanction.

Sanctions are explained to students under the "WoW" approach as consequences.

#### **1/ Detentions**

These will be given by teachers for

- a) Missed homework
- b) Timewasting including lateness for lessons

Detentions will be managed by the teacher giving them. They will be recorded using a red ink stamp in the pupils' homework diary giving a reason which can then be seen by form tutors and parents. The detention will escalate in time and or frequency if the pupil fails to do it.

In the case of Lower school a "detention" is likely to take the form of sitting outside the staffroom to complete work during break time.

#### **2/ School Service**

Pupils who show disrespect for others in the school community e.g. rudeness/ defiance to staff, damage to property around school etc. will be given school service as a sanction.

This will involve them “paying back” the school community by doing something to help others. Tasks will be carefully chosen to ensure they are safe and not likely to encourage further inappropriate behaviour. The following are examples rather than an exclusive list.

- Litter collection
- Clearing the dining room after lunch
- Clearing up chewing gum
- Cleaning the inside of the school vehicles
- Sorting out the greenhouse/ plant pots

### **3/ Missed Outings**

Children and young people who have persistently behaved inappropriately risk being withdrawn from off-site activities. In some cases it may not be deemed safe for them to be involved.

If a significant off site activity is being planned all pupils must be warned that those who display persistent bad behaviour will not be allowed to participate.

### **4/ Concerns**

Concerning behaviour is now logged within the SIMs database and is matched to the WOW procedures. This allows those responsible for pastoral care to easily see any concerns logged by other staff members. It also allows for easy analysis of concerns for individuals and groups.

For serious concerns at levels 3 and 4 the SIMs system will generate letters home to inform parents / carers of the issue and the actions taken. Copies of these letters are also retained on the pupil's file.

### **5/ White Slips –Lower School**

In lower school most behavioural issues will be effectively managed by class teachers. White slips will be issued for significant behavioural problems. Being given a white slip is in itself usually sufficient deterrent for pupils however in exceptional circumstances other sanctions as outlined can be used though modified to suit the age of the child involved.

### **Individual Behaviour Planning**

All pupils have personal development targets in their annual reviews. These are converted into child friendly language and for upper school students stuck in their student planners. Lower school teachers will display these in the classroom and in pupils' individual targets.

Where a pupil does not respond to the routine behaviour structures more targeted intervention will be planned. Some students have social emotional and mental health needs which result in some challenging behaviours. The school has a strategy for managing more challenging behaviours as outlined in Appendix 4.

A **Positive Behaviour Plan** “My plan” will be drafted and shared amongst all those working with the child. It will be consistently applied by the whole team and shared with Heath House staff, parents and carers. Children whose behaviour is a cause for concern will be added to the behaviour watch list at the

A **Risk Management Plan** will be drawn up where there is a concern about risk to self or others. This will identify the probable cause of the behavioural difficulties and outline strategies to minimise risk.

Where behavioural issues relate to sexual misconduct a focused Risk Management plan (RAMP) will be implemented.

In some cases it will be necessary to seek the advice of outside agencies e.g. Educational Psychologist, CAMHS, Behaviour Support Teams or Education Support Centres. Advice from such referrals will be incorporated into individual planning.

Behaviour review meetings are held half termly when the Head Teacher, Assistant Head for Pastoral Care, SENCO and behaviour mentor review any pupils whose behaviour is a concern, consider the effectiveness of interventions and make recommendations for further actions.

It is recognised that poor behaviour in some deaf children can stem from a limitation in the normal range of social interaction that hearing children encounter and as a result of communication difficulties e.g. when parents are unable to sign and therefore communicate effectively with their children. Deaf children need to develop a range of coping skills to deal with their difficulties and frustrations. Pupils are encouraged and given opportunities to discuss their feelings in both formal and informal school settings.

### **Exclusions**

Excluding a child from learning activities is a serious sanction and should not be used routinely. The purpose is to ensure the safety of other member of the school community, to ensure the learning of other pupils is not disadvantaged and to give the young person who is being excluded time to reflect on their inappropriate conduct. There are three different levels of exclusions; internal exclusion, fixed term exclusion and permanent exclusion.

#### **Internal Exclusion**

Internal exclusions may be given by any member of senior staff. This sanction can be appropriately used where a pupil's behaviour in lessons is defiant, rude and abusive thus negatively impacting on the learning of others and undermining the teachers authority and ability to maintain good order. Pupils on internal exclusion will be restricted to a quiet room where they will be supervised by support staff. Pupils on internal exclusion will not be allowed to mix with their peers during breaks or lunchtimes for the duration of the exclusion.

#### **Fixed Term Exclusion**

Fixed term exclusions may be given by the Head Teacher for one off serious offences or for persistent problems where the young person has failed to respond to other behaviour intervention strategies.

Where violence is involved exclusion will always be considered. Thought will be given to the individual circumstances in each case including the age and understanding of the pupil involved and past disciplinary history.

#### **Permanent Exclusion**

This sanction will only be used in very exceptional circumstances when all other avenues of support and intervention have failed. Wherever possible if a child is at risk of permanent exclusion this will be brought to the attention of the parents/carers and placing Local Authority and an agreed move to a more appropriate placement sought.

### **Resident Pupils**

It is important that there is consistency of approach between Heath House and classroom staff , however behavioural issues should not be “carried over” into Heath House and vice versa as a matter of course.

### **Allegations against staff**

If a student makes an allegation against a staff member the appropriate procedures will be followed in line with the school’s child protection policy. If the allegation made by the student is found to be deliberately false and malicious appropriate action will be taken against the student which may include criminal procedures. In making this decision the school will consider the individual circumstances of the case, the age and understanding of the pupil involved.

### **Related Policies and Procedures**

Staff will take account of the following when managing issues of pupils’ behaviour and will ensure appropriate records are kept. *(Staff will take note of the flowchart - appendix 2 )*

- Anti-Bullying
- Physical Intervention
- Accident and Incident reporting procedures
- Safeguarding
- Staff Code of Conduct

### Students agreed Code of Conduct - The Heathlands Charter

#### **We believe**

- Everyone is equal
- Everyone is important
- Everyone can be different

#### **We want**

- To stop bullying
- Everyone to feel safe
- Everyone to enjoy school
- A nice school environment

#### **We will**

- Stand up for what we know is right
- Be honest
- Work together and not leave anyone out
- Be respectful and responsible
- Not judge others
- Respect other people's belongings
- Look after the school environment

## Support for students with SEMH resulting in challenging behaviour

### Key principles:

- Appropriate, socially acceptable and safe behaviour should be expected without exception.
- All staff are working together with the shared team aim of supporting pupils. Staff recognise the importance of establishing good relationships. They will model the behaviour we wish to see including the willingness to reflect and learn from mistakes.
- Staff will understand the reasons behind why some children have challenging behaviour but will not excuse it. Any negative language will be directed at the unacceptable behaviour rather than the child.
- Focus of approach must be on developing skills of self-control in pupils and their ability to make the right decisions. Our approach is not about pupils doing as they are told because they are scared. If only behaving if scared in one lesson/ with one person pupils might then be even worse in the next lesson.
- There will be a focus on consequences not sanctions, clearly understood and displayed e.g. WOW. Incidents of unacceptable behaviour will be followed up by all. If pupils don't accept lower level consequence it gets "upped" therefore crucial that there is a staged approach so that referral to SLT is seen as significant
- Staff will focus on a formula of **Calm > Reflect > Repair > Restore** to help pupils identify what's gone wrong, learn from mistakes, see others' viewpoint then make amends
- Small positive steps will be identified and encouraged because to improve children need to develop their self-worth. Rewards for the majority will link in to house rewards and enrichment activities
- SIMs will be used for logging concerns and for analysis
- Adapted curriculum will be considered. Any learning needs and other underlying issues contributing to poor behaviour will be explored.

**Planning** - A tiered approach to identification, planning and procedures will be adopted.

**Universal provision** is the general behaviour policy and applicable to all students. For the vast majority of pupils this is effective. This will include:

- Wow Procedures
- Tutor support and mentoring
- House Points
- Classroom expectations
- Uniform Code
- On report
- Consistent implementation of Charlie Taylor's list "getting the small things right"
- PSHE lessons
- Effective communication with parents

**Targeted support** will be in addition to the above for the few pupils who have identified needs. Planning will be pupil focused thus responsive to individual needs. Targeted support might include:

- Individual Behaviour Plan and use of CSD to monitor progress
- Response of calm > reflect > repair
- Nurture

| <b>Red</b>    | <ul style="list-style-type: none"> <li>- Known risk of violence</li> <li>- Has had fixed term exclusions</li> <li>- At risk of permanent exclusion</li> <li>- Needs not being met as interventions are not having positive impact</li> <li>- Daily examples of WOW Level 4 behaviour</li> <li>- Concerns persistently at high level and/or increasing</li> <li>- Children and Parents expressing fear and concern</li> <li>- Emergency protection plan deemed necessary</li> <li>- Police involvement likely as risk he/she cannot be kept safe in school</li> </ul> |

**An Emergency Protection Plan** will be drafted in order to respond to the rare and extreme outburst of a pupil which is so severe other members of the school community are at risk. Where predicted this will form part of the planning for an individual child in which case this will be documented and discussed with parents in advance.

- Emergency response detailing action and personnel involved. This will include a procedure for protecting others in the school community in case the child becomes violent.
- Vulnerable areas will need to be considered e.g. Nursery, astroturf and playground can be made safe and secure
- To look at closing the school gates and ensuring perimeter security
- Agreement to isolate violent children out of the building and prevent re-access other than to the agreed safe “calm down” space (focus room)
- Procedure for informing parents and staff debrief
- Recommendation at what level police are involved

### **Premises**

To consistently apply the school’s approach of Calm > Reflect > Repair > Restore, a designated space (the Focus Room) is used here this can happen safely. Many pupils will comply and willingly engage in the reflection process however it is recognised some pupils who exhibit extreme anger will struggle to do so. From the focus room it is not possible for the pupil to re-enter the main part of school. Re-entry can only happen when staff are confident the child is calm, safe, has demonstrated an understanding of the behaviour and made amends.

The Focus Room is equipped with:

- 2 exits outside but no access to other parts of the school

- Secure furnishings
- Any non-secure furnishings to be lightweight and unbreakable
- Items shut in locked cupboards
- Designated spaces for calming, reflecting then engaging in repair activities
- Minimal distractions
- Good communication to summon additional help – use of walki-talkies by senior staff
- A range of activities/resources which can be used by the Behaviour Mentor to support calming and reflection
