

Year 7 Catch-Up (2019 – 2020)

An additional funding grant known the Year 7 Catch-Up Premium is primarily aimed at improving Maths and English attainment levels.

An allocation is made for every pupil who has not achieved the 'expected standard' in reading or maths at the end of KS2. Heathlands received a grant of £7,875.

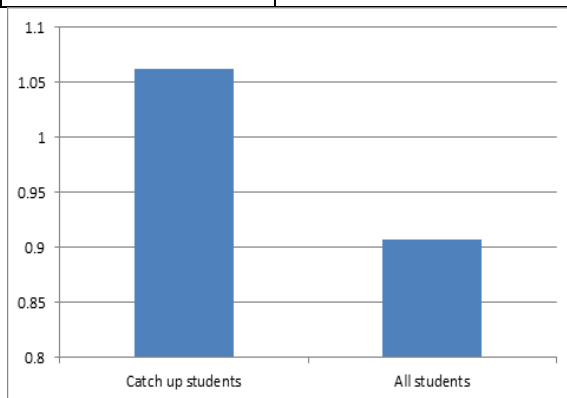

The catch-up grant has been used in the following ways:

- Enhanced specialist teaching staff in Maths and English to create five mixed sets of year 7 and 8 students grouped according to ability.
- Additional LSA support within two class groups (Two groups allocated a full time LSA and one group a part time LSA).
- Language support assistance in place of Spanish lessons for two groups, allowing a seventh weekly lesson of English.
- Students working 1-1 and some in a group of 2 with lead Literacy teacher.
- Continued staff training to enable all subject teachers to be involved in the teaching of reading through a daily 30 minutes reading session.

Progress and Impact of Catch up intervention

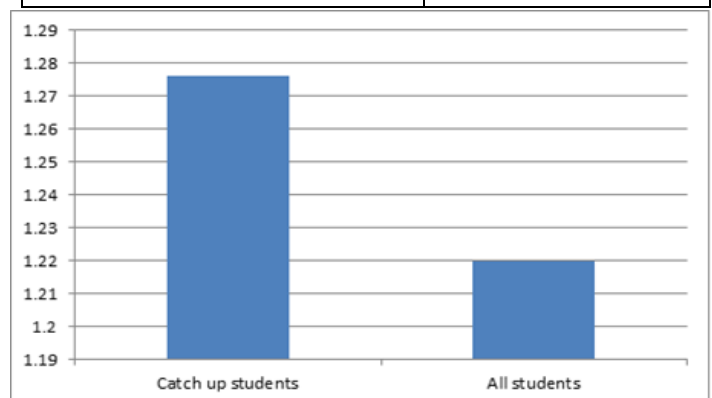

English

Catch up student progress score	Non catch up student progress score
1.06	0.90

Mathematics

Catch up student progress score	Non catch up student progress score
1.06	0.90

Both measures would indicate a positive impact of the interventions funded by catch up premium.
