- Email
- Past and mock exam papers
- Online learning portals such as Edulink, Office 365, Google for Education
- Educational websites
- Reading tasks
- Live webinars

Where practical, learning materials will be adapted to ensure that the curriculum remains accessible via remote learning. Where this is not practical, the school will ensure students can catch up on these areas of the curriculum when they return to school.

Teaching staff will liaise with the SENCO and other relevant members of staff to ensure all students remain fully supported for the duration of the remote learning period.

Any defects or issues with remote learning resources will be reported as soon as possible to the relevant member of staff.

Staff should use school equipment to access relevant educational websites or systems only and will not attempt to access any website that may be deemed inappropriate, offensive or malicious.

Students will be required (where possible) to use their own or family-owned equipment to access remote learning resources, unless the school agrees to provide or loan equipment, e.g. laptops.

We strongly recommend that students and parents maintain the upkeep of any equipment they use to access remote learning resources, including installing latest updates to software.

Teaching staff will oversee academic progression for the duration of the remote learning period.

The arrangements for any 'live' classes, e.g. webinars, will be communicated via school email no later than one day before the allotted time and kept to a reasonable length of no more than one hour per session.
